THE SEED AND THE SOIL

In nature, every thriving garden begins with two essentials:
a healthy **seed** & fertile **soil**.

Our **Male Fertility Support HG** represents the seed, helping
support male vitality, reproductive wellness & overall wellbeing.

Our **Female Fertility Support HG** represents the soil, helping to
nourish & create a supportive environment for new beginnings.

Together, these complementary formulations reflect nature's
simple wisdom: **when a healthy seed meets fertile soil, the
foundation for growth is naturally supported.**

KEY BOTANICAL INGREDIENTS

- MONDIA WHITEI** (*White's ginger*)
One of Africa's most respected male wellness botanical. Traditionally used to support vitality, stamina and reproductive wellness.
- ERIOSEMA KRAUSSII** (*Bangalala*)
Traditionally used to support male vitality and reproductive wellness. Complements Mondia Whitei.
- URTICA DIOCA SEED** (*Nettle seed*)
Traditionally used to support male vitality, stamina and endurance. Widely used in men's health formulations.
- SECURIDACA LONGEPENDUNCULATA** (*Mpesu*)
Traditionally used in Africa to support vitality and physical wellbeing. Supports resilience and overall wellbeing. Complements the formula.
- CINNAMON** (*Cinnamomum verum*)
Traditionally used to support healthy circulation and vitality. Supports warmth, movement and metabolic wellness. Complements the vitality-supporting herbs in the formula.
